

Setting Up Printers in Mac OSX

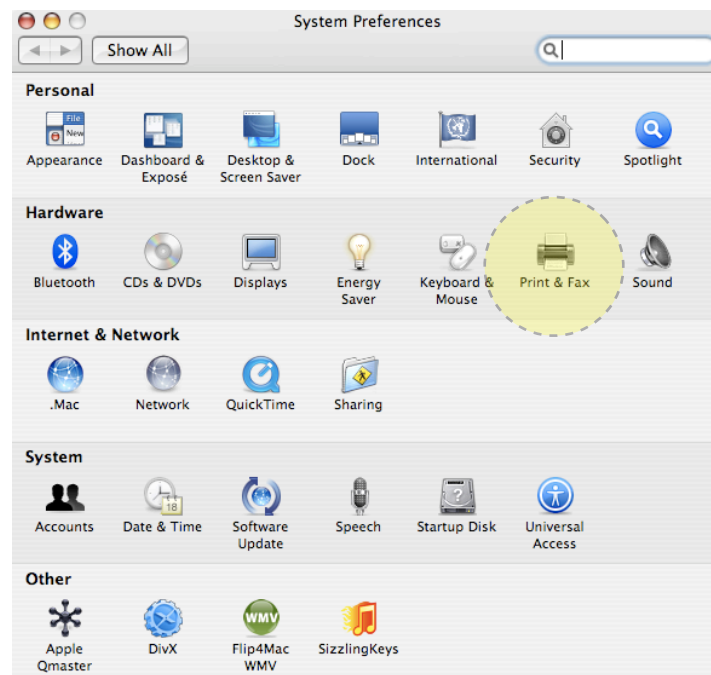

1. Open the 'Apple' Menu located in the top, left-hand corner of the Mac's Desktop.

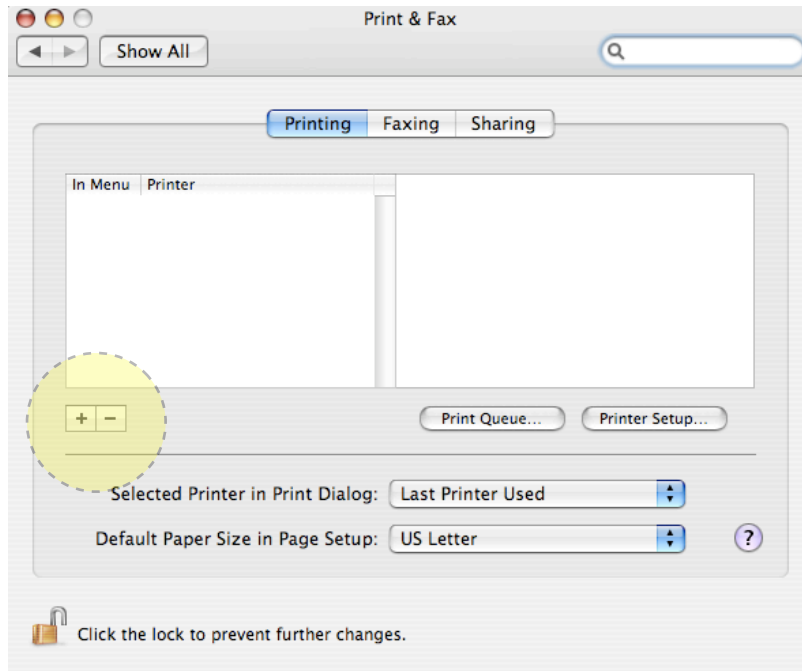

2. Select the System Preferences listing in the drop-down menu.

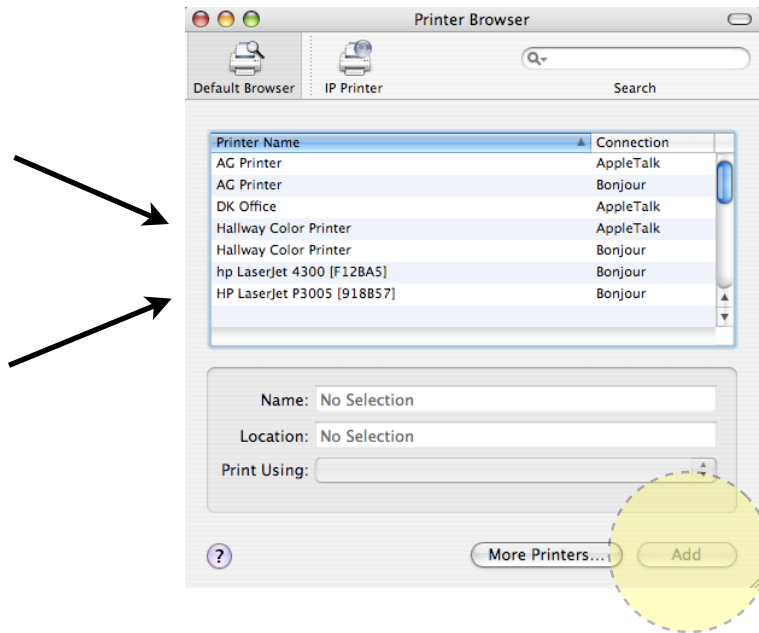

3. Click on the 'Print & Fax' icon shown in the System Preferences window.

4. Click the 'plus' sign within the Print & Fax screen to search for printers.

5. Select the desired printer from the Printer Browser window and click the 'Add' button to add it to your list of printers.

Once the printer has been added, you may close out of the Print & Fax Menu.
